President's Message

Energy Efficiency, Water Conservation & School Drive

Saturday, August 27th @ 10:00 a.m.

Liberty Park Community Building

Scarce is an organization in Glen Ellyn and their mission is to inspire people, through education, to preserve and care for the Earth's natural resources, while working to build sustainable communities. Scarce also works to keep things out of the landfills and gets them to people near and far that can use them. They provides school supplies to teachers and they melt down used crayons to make big crayons for kids with disabilities. Join us as they host an event for the residents of Liberty Park on energy efficiency and water conservation which includes free items/kits to those attending. We will also be collecting school supplies to donate to those in need, it's a great time to clean out any school supplies that are no longer being used. This event is funded by DuPage County so it's free to our residents and will last approximately 1 hour or less. Reservations must be made by contacting Tiffany Binks at 630-926-0967. Space is limited so don't delay and for more information about Scarce, visit their website at www.scarce.org.

Sympathy

Deepest sympathy to the Herda family of Park St. who have been residents of Liberty Park for 61 years on their loss of Rosemary Francis Herda.

Deepest sympathy to the Goralewski family of Lincoln St. on the loss of Jim's sister Bonnie Wingert of Westmont who passed away on June 8th.

Deepest sympathy to the family of Michael Magelitz of Lincoln St. who passed away recently of cancer.

Our prayers go out to all the families during this difficult time.

Rain Barrels

LPHOA Board has approved the use of rain barrels for LPHOA Members. The hose that is coming from the rain barrel must be marked as rain barrel use only in accordance with the EPA.

Back to School

School session will soon be upon us. Please use caution when driving in and around the subdivision for stopped school busses and children crossing the roads. A distracted driver can cause accidents, so keep your eyes on the road at all times and your hands on the steering wheel. Together we can keep our children and community safe.

Beware of Scammers

To protect yourself, please make sure before you accept any services from a contractor that you get everything in writing including work to be completed and total cost. If they do not provide it, then do not use their service.
